**Response To Andre Dickens**

### **Statement from ROOSEVELT The People's Mayor of Atlanta**

Regarding the tax returns release , I have no issue with that however it won't be happening.

We need to focus on City Hall spending and what Andre and the gang are doing behind the scenes. Tax returns can be forged, changed and the original tax documents submitted may or may not have been fraudulent or inaccurate. For this reason I do not believe that showing our tax returns will satisfy the needs of the people. We have to get back to the basics! **Cleanse the swamp and put The People in power!**

Be safe and enjoy your weekend Atlanta!
